Welcome Message

Recent years have seen encouraging growth in Industrial Hygiene (IH) practices globally, fuelled by advancements in exposure science and heightened attention to occupational health risks. Coupled with the increasing prevalence of occupational diseases, these developments call for decisive and collaborative action by regulators and industry leaders to reinforce preventive strategies for safeguarding workers' health. As an advocate of a preventive OSH culture with a mission to safeguard workers' health, the Malaysian Industrial Hygiene Association (MIHA) is pleased to invite organisations and individuals who share this commitment to be part of the MIHA International Conference and Exhibition 2026 (MIHA.ICE'26), to be held at the Concorde Hotel, Kuala Lumpur, Malaysia, from 26–27 October 2026.

The theme of MIHA.ICE'26, "Shaping a Healthier Tomorrow through Prevention, Resilience and Sustainable Innovation" reflects the need to advance proactive industrial hygiene practices, strengthen adaptive and resilient health protection systems, and promote innovative, sustainable solutions to safeguard worker health in an evolving world of work. This conference aims to serve as a dynamic platform for knowledge sharing, professional networking, and the exchange of ideas that drive meaningful and positive change within the IH profession. MIHA.ICE'26 will bring together local and international OSH practitioners, experts, and industry stakeholders to share the latest developments in IH, including research findings, best practices, and valuable lessons learned. MIHA remains committed to fostering an environment where Industrial Hygienists and OSH professionals can collaborate effectively in protecting workers' health while supporting organisational values. We firmly believe that strong OSH performance contributes to improved quality of life, enhanced productivity, and overall societal well-being.

The conference and exhibition will feature a comprehensive programme comprising Professional Development Courses (PDCs), an International Student Symposium, plenary, podium and poster paper presentations, technical exhibitions, and networking platforms. These segments are designed to facilitate knowledge exchange, accelerate learning, and promote practical solutions among experienced practitioners, researchers, and emerging young Industrial Hygienists.

Join us today and make a difference.

Sincerely,

Marina Zainal Farid, *CIH, CPIH*
MIHA.ICE'26 Conference Chair
MIHA President 2026/28

Full Programme Agenda

Day 1: 26 October 2026 | Monday

Time (hr)	Agenda	
07:30 - 09:00	Registration & Arrival	
09:00 - 09:10	Safety Briefing, Do'a Recitation & Platinum Sponsor Video Showcase	
09:10 - 09:40	Plenary 1: Muthia Ashifa President, Indonesian Industrial Hygiene Association (IIHA) <i>'Beyond Compliance: Driving Prevention, Resilience, & Sustainable Innovation in Industrial Hygiene & Occupational Health Management'</i>	
09:40 - 10:10	Plenary 2 : Prof. Perng-Jy (PJ) Tsai President, Asian Network of Occupational Hygiene (ANOH) <i>'Developing Surrogate Methods for Conducting Comprehensive Occupational Exposure Assessments'</i>	
10:10 - 11:00	Networking Break / Visit to Exhibition Booth / Poster Presentation	
11:00 - 12:30	Concurrent Session A	
	Session 1: Designing Healthier Workplaces Through Prevention-Through-Design	Session 2: Advancing Worker Health Through Exposure-Driven Prevention Strategies
12:30 - 14:00	Lunch Break / Visit to Exhibition Booth / Poster Presentation	
14:00 - 15:00	Concurrent Session B	
	Session 3: Emerging Risks & Resilient Solutions for Worker Health	Session 4: Resilient People, Resilient Operations
15:00 - 15:30	Networking Break / Visit to Exhibition Booth / Poster Presentation	
15:30 - 15:40	Singing of National Anthem, Safety Briefing & Do'a Recitation	
15:40 - 15:50	Welcome Performance	
15:50 - 16:00	Welcoming Remarks by Marina Zainal Farid, CIH, CPIH President of Malaysian Industrial Hygiene Association (MIHA)	
16:00 - 16:20	Officiation by YBrs. Ir. Ts. Hajah Hazlina Yon Director General, Department of Occupational Safety & Health (On behalf of the Minister of Human Resources, Malaysia)	
16:20 - 16:25	Group Photo	
16:25 - 16:50	Keynote Address: YBrs. Ir. Ts. Hajah Hazlina Yon Director General, Department of Occupational Safety & Health (DOSH) Malaysia <i>'Future Occupational Safety & Health (OSH) Priorities Towards 2030'</i>	
16:50 - 17:15	Plenary 3: Kerry Cheung, COH President, International Occupational Hygiene Association (IOHA) <i>'IOHA Nexus - Connecting Malaysia to the World of Occupational Hygiene'</i>	
17:15 - 18:00	VIP Visit to Exhibition Booth / Poster Presentation	
18:00	End of Day 1	

Full Programme Agenda

Day 2: 27 October 2026 | Tuesday

Time (hr)	Agenda	
08:50 - 09:00	Welcome by Emcee & Kahoot Quiz	
09:00 - 09:30	Plenary 4 : Dr. Ahmad Syarifuddin Ramlan Head Of Social Health Section - Dept Of Prevention, Medical And Rehabilitation (BPPP) <i>'Revisiting Occupational Diseases in Malaysia - Diagnosed, Surveillance and Challenges'</i>	
09:30 - 10:00	Plenary 5 : Samuel Curtis, CIH Director & Principal Industrial Hygienist, MSC Professional Services Pty Ltd, Australia <i>'Notes from the Field – Unique Industrial Hygiene Encounters from Around the World'</i>	
10:00 - 10:30	Plenary 6: Dr. Keng Been Ang Managing & Board Director, SKC Asia HSE Sampling Technologies Pte. Ltd., Singapore <i>"From Sensors to Insights: Real-Time Monitoring Shaping Healthier Workplaces and Sustainable Innovation"</i>	
10:30 - 11:00	Networking Break / Visit to Exhibition Booth / Poster Presentation	
11:00 - 12:30	Concurrent Session C	
	Session 5: Digital Intelligence for Smarter Health Protection	Session 6: Sustainable Innovations in Exposure Control and Risk Reduction
12:30 - 14:00	Lunch Break / Visit to Exhibition Booth / Poster Presentation	
14:00 - 15:30	Concurrent Session D	
	Session 7: Engineering Tomorrow's Workplace Health	Session 8: Reinventing Workplace Health Through Smarter Policies & Social Innovation
15:30 - 15:50	Networking Break / Visit to Exhibition Booth / Poster Presentation	
15:50 - 16:30	Dialogue Session: 'Shaping A Healthier Tomorrow Through Prevention, Resilience & Sustainable Innovation' Moderator: Azizin Zainudin, CPIH - MIHA CPIH Board Member & Past MIHA Vice President Panelist 1: Kerry Cheung, COH - President, IOHA Panelist 2 : Prof. Perng-Jy (PJ) Tsai - President, ANOH Panelist 3: Aleks Todorovic - Immediate Past President, AIOH	
16:30 - 17:00	Closing Ceremony - Award Recognition - Lucky Draw - Closing Remarks by Abdul Hafiz Abdullah, CIH, CPIH, Vice President of MIHA & MIHA.ICE'26 Team Lead	
17:00	Adjourn	

Concurrent Sessions Agenda

Day 1: 26 October 2026 | Monday

Concurrent Session A : Session 1 & 2

Session 1: Designing Healthier Workplaces Through Prevention-Through-Design			Venue: Concorde Ballroom
Moderator: Wan Sabrina Wan Mohamad, CIH, CPIH			
C1-1	11:00 – 11:30	Integrating Industrial Hygiene Prevention Through Design into Front-End Engineering to Eliminate Occupational Health Hazards	Ts. Masfarita Mustafa - PETRONAS
C1-2	11:30 – 12:00	Integrating Human Factors Engineering and Industrial Hygiene During the Design Stage: A Prevention-by-Design Framework for Safe Facilities	Abdul Harizul Mustaqim - Monaco Engineering Solution
C1-3	12:00– 12:30	From Exposure Assessment to Prevention Through Design - An Integrated Framework for Sustainable Occupational Risk Reduction in Malaysia	Assoc. Prof. Dr. Ng Yee Guan - Universiti Putra Malaysia (UPM)
Session 2: Advancing Worker Health Through Exposure-Driven Prevention Strategies			Venue: Concorde V
Moderator: Norhazlina Mydin, CIH, CPIH			
C2-1	11:00 – 11:30	PtD-Based Ergonomic Intervention Using Mechatrolley with Integrated Hose Wheel System for MSD Prevention	Khairul Nazmi Lufti Ismail - PETRONAS
C2-2	11:30 – 12:00	A Prevention-Centric Approach to Lead Hazard Management in Storage Tanks Using Exposure-Based Assessment.	Raymond Joseferd - ExxonMobil
C2-3	12:00– 12:30	Health Risk Assessment in an Indonesian Tugboat Shipping Company: Focus on Noise, Benzene, and Indoor Air Quality Exposure	Dr. Betharia S. Butarbutar - Pertamina, Indonesia

Concurrent Sessions Agenda

Day 1: 26 October 2026 | Monday

Concurrent Session B : Session 3 & 4

Session 3: Emerging Risks & Resilient Solutions for Worker Health			Venue: Concorde Ballroom
Moderator: Ts. Haszelina Hassan, CPIH			
C3-1	14:00 – 14:30	Development and Pilot Validation of the Climate-Resilient Worksite Readiness Scale among Construction Workers in Malaysia	Dr Dayana Hazwani Mohd Suadi Nata – Universiti Kebangsaan Malaysia
C3-2	14:30 – 15:00	PFAS Exposure: What Are the Health Risks of These 'Forever Chemicals'?	Dr Joost G.M. VAN ROOIJ – Caesar Consult
Session 4: Resilient People, Resilient Operations			Venue: Concorde V
Moderator: Nurul Ain Zali			
C4-1	14:00 – 14:30	Enhancing Control Room Operator Resilience Through Human Factors Engineering: Integrating Ergonomics, Situational Awareness and Occupational Health	Megat Amirul Hakim - Monaco Engineering Solution
C4-2	14:30 – 15:00	Human Performance in Emergency Response: Managing Effective Evacuation	Dr Taram Satiraksa Wan Abdullah - TS Learning Services

Concurrent Sessions Agenda

Day 2: 27 October 2026 | Tuesday

Concurrent Session C : Session 5 & 6

Session 5: Digital Intelligence for Smarter Health Protection			Venue: Concorde Ballroom
Moderator: Aliff Firdaus Mat Yusoff, CIH			
C5-1	11:00 – 11:30	Safeguarding Data Integrity in AI-Driven OSH Management and Compliance Reporting	Xenna Sum Lee Min - SafeHaus Consultancy & Training Services
C5-2	11:30 – 12:00	Ai-X™ Human Emotion Dynamics for Organizational Resilience: Addressing the Human Factor of Artificial Intelligence Integrating Health, Safety and Business Continuity	G Sukhdev Singh Ranu - RanuPDS Asia
C5-3	12:00– 12:30	From Fragmented References to Digital Guidance: Simplifying Chemical PPE and RPE Selection for Consistent Risk Control	Naczathul Faeza Ismail - PETRONAS
Session 6: Sustainable Innovations in Exposure Control and Risk Reduction			Venue: Concorde V
Moderator: Abdul Hafiz Abdullah, CIH, CPIH			
C6-1	11:00 – 11:30	Beyond Complex Engineering: Real-World Practical Exposure Control & Risk Reduction in Chemical Risk Management	Noormahani Harun – QMSPRO Sdn Bhd
C6-2	11:30 – 12:00	Setting and Interpreting Alarms on Portable Gas Detectors in an Era of Lower Workplace Exposure Limits	Aleks Todorovic - AES Australia
C6-3	12:00– 12:30	Think Outside the Duct: A Low-Cost Engineering Solution for Offshore Air Dryer Purge Noise	Ts. Farah Nafeesha M Raseli - PETRONAS

Concurrent Sessions Agenda

Day 2: 27 October 2026 | Tuesday

Concurrent Session D : Session 7 & 8

Session 7: Engineering Tomorrow's Workplace Health			Venue: Concorde Ballroom
Moderator: Ts. Dr. Ismaniza Ismail			
C7-1	14:00 – 14:30	Factory of Future- Eliminating Manual Material Transportation through the integration of Automated Storage and Retrieval System, Floor Mounted Overhead Transporter and Intelligent Autonomous Robots in Semiconductor Manufacturing	Masliyana Izzati – Texas Instruments
C7-2	14:30 – 15:00	Predict Before You Produce: Using Acoustic Simulation to Safely Increase Offshore Flaring Capacity	Mohamad Kamarul Zafri Mohamad Rafi - PETRONAS
C7-3	15:00 – 15:30	Prevention-Through-Design for MSD Risk Reduction: Ergonomic Engineering Control Using an LPG Cylinder Stacker	Syawalina Azwani Hussain - PETRONAS
Session 8: Reinventing Workplace Health Through Smarter Policies & Social Innovation			Venue: Concorde V
Moderator: Associate Professor Dr Ng Yee Guan			
C8-1	14:00 – 14:30	From Legacy Practices to Evidence-Based Health Governance: How CHRA Drove the Modernization of a 28-Year-Old Industrial Laboratory	Nurul 'Izzah Zahari - PETRONAS
C8-2	14:30 – 15:00	Gap Analysis of Knowledge, Attitudes, And Practices (Kap) On Noise-Induced Hearing Loss (NIHL) Among Audiometric Centers and Private Hospitals in Malaysia: Compliance with ICOP 2019	Rozi Hartini Hamid – One Gasmaster Sdn Bhd
C8-3	15:00 – 15:30	Transforming Thermal Stress Management Through Quick Thermal Work Limit (TWL) Reference Charts for Upstream Oil and Gas Operations in Malaysia	Thishalini AP Amirthlingam - PETRONAS

Poster Presentation

26- 27 October 2026 | Monday - Tuesday

No.	Title	Presenter
1	Improving Ventilation Plan Quality and Verification Practices to Strengthen Worker Health Protection: A Sabah Asset Experience	M Ridhwan Salman - PETRONAS
2	Exposure and Health Risk Assessments Associated with Polycyclic Aromatic Hydrocarbon (PAH) Emissions from the Use of Scented Candles	Dr. Chun-Yu Chen - National Cheng Kung University, Taiwan
3	Integrating Safety Critical Task Analysis into Occupational Health Risk Management in Oil and Gas Facilities	Megat Amirul Hakim - Monaco Engineering Solution
4	Demystifying Industrial Hygiene and Occupational Health Through Risk Communication - A Sabah Asset Experience	Rahazimah Alzahrah Abu Bakar Sadiqin - PETRONAS
5	Institutionalising Heat Stress Risk Management in Project-Based Environments: A Case Study with a Decision-Based TWL Governance Approach	M Iqbal Masri - PETRONAS
6	Rethinking Chemical Exposure Monitoring: Integrating Continuous Direct Monitoring into Risk-Based Industrial Hygiene	Ts. Farah Nafeesha M Raseli - PETRONAS
7	Practical Acoustic Camera Diagnostics for Industrial Noise Management	Mohd Farid Mohamad - Quadrant 2 Technologies Sdn Bhd
8	Beyond Illuminance: Understanding Lighting and Visual Discomfort in Screen - Intensive Workplaces	Amy Lee Ai Ping - Sarawak Energy Berhad
9	Beyond Periodic Testing: Real-Time Gas Monitoring for Safer Confined Space Entry	Nurul Ain Afifah Shaharudin - PETRONAS

Poster Presentation

26- 27 October 2026 | Monday - Tuesday

No.	Title	Presenter
10	From Reactive to Proactive: Strengthening Fume Hood Management Through HT2 Competency	Nur Izzati Abdol Rasul - Universiti Malaya
11	The Relationship Between Safety Training, Employee Participation, Management Commitment and Safety Compliance Among Royal Malaysian Police of Federal Territory of Kuala Lumpur	Nurafsana Bepary - Universiti Pertahanan Nasional Malaysia
12	The Relationship Between Occupational Stress, Working Environment, Workload and Job Performance Among Palm Oil Workers in Kota Tinggi, Johor	Nur Shazwani Samsudin - Universiti Pertahanan Nasional Malaysia
13	Analysis of Environmental Exposure to Aircraft Noise Around Sultan Abdul Aziz Shah Airport	Nureen Hannah Aznam - Universiti Teknologi MARA
14	Comparative Ergonomic Risk Between Male and Female Workers in the Physiotherapy and Medical Records Departments of Two Private Hospitals	Muhammad Iman Razali - Universiti Teknologi MARA
15	Digital Hazard Reporting Systems in Occupational Safety: A Comparative Review of Implementation Barriers and Effectiveness Across Industrial Sectors	Wardah Asyifa - Diponegoro University, Indonesia
16	Hydrogen Sulfide (H ₂ S) Hazards and the Application of the Hierarchy of Controls in Geothermal Power Plants: A Narrative Review	Muhammad Ghazali Al Ghiffari - Diponegoro
17	Task-Based Ergonomic Risk Assessment and Musculoskeletal Symptoms among Workers in Selected Large and Small Footwear Retail Stores	Nurul Maisarah Binti Abdul Rahman - Universiti Teknologi MARA
18	Organizational Structure, Unequal Workload, and Work Productivity: A Case Study of an OSH Team Leader in an Electricity Utility Company	Abiyyu Ahmad Husseini - Diponegoro University, Indonesia
19	When Comfort Becomes a Risk: Unveiling Hidden Postural Hazards Among Industrial Workers Using REBA	Muhammad Alif Fathurrohman - Diponegoro University, Indonesia
20	Hydrometallurgy and Direct Regeneration for LFP Battery Recycling: A Comparative Review of Occupational Health and Safety Risks and Implementation Readiness in Indonesia	Tiara Yafi Qurraru'ainii - Diponegoro University, Indonesia

Poster Presentation

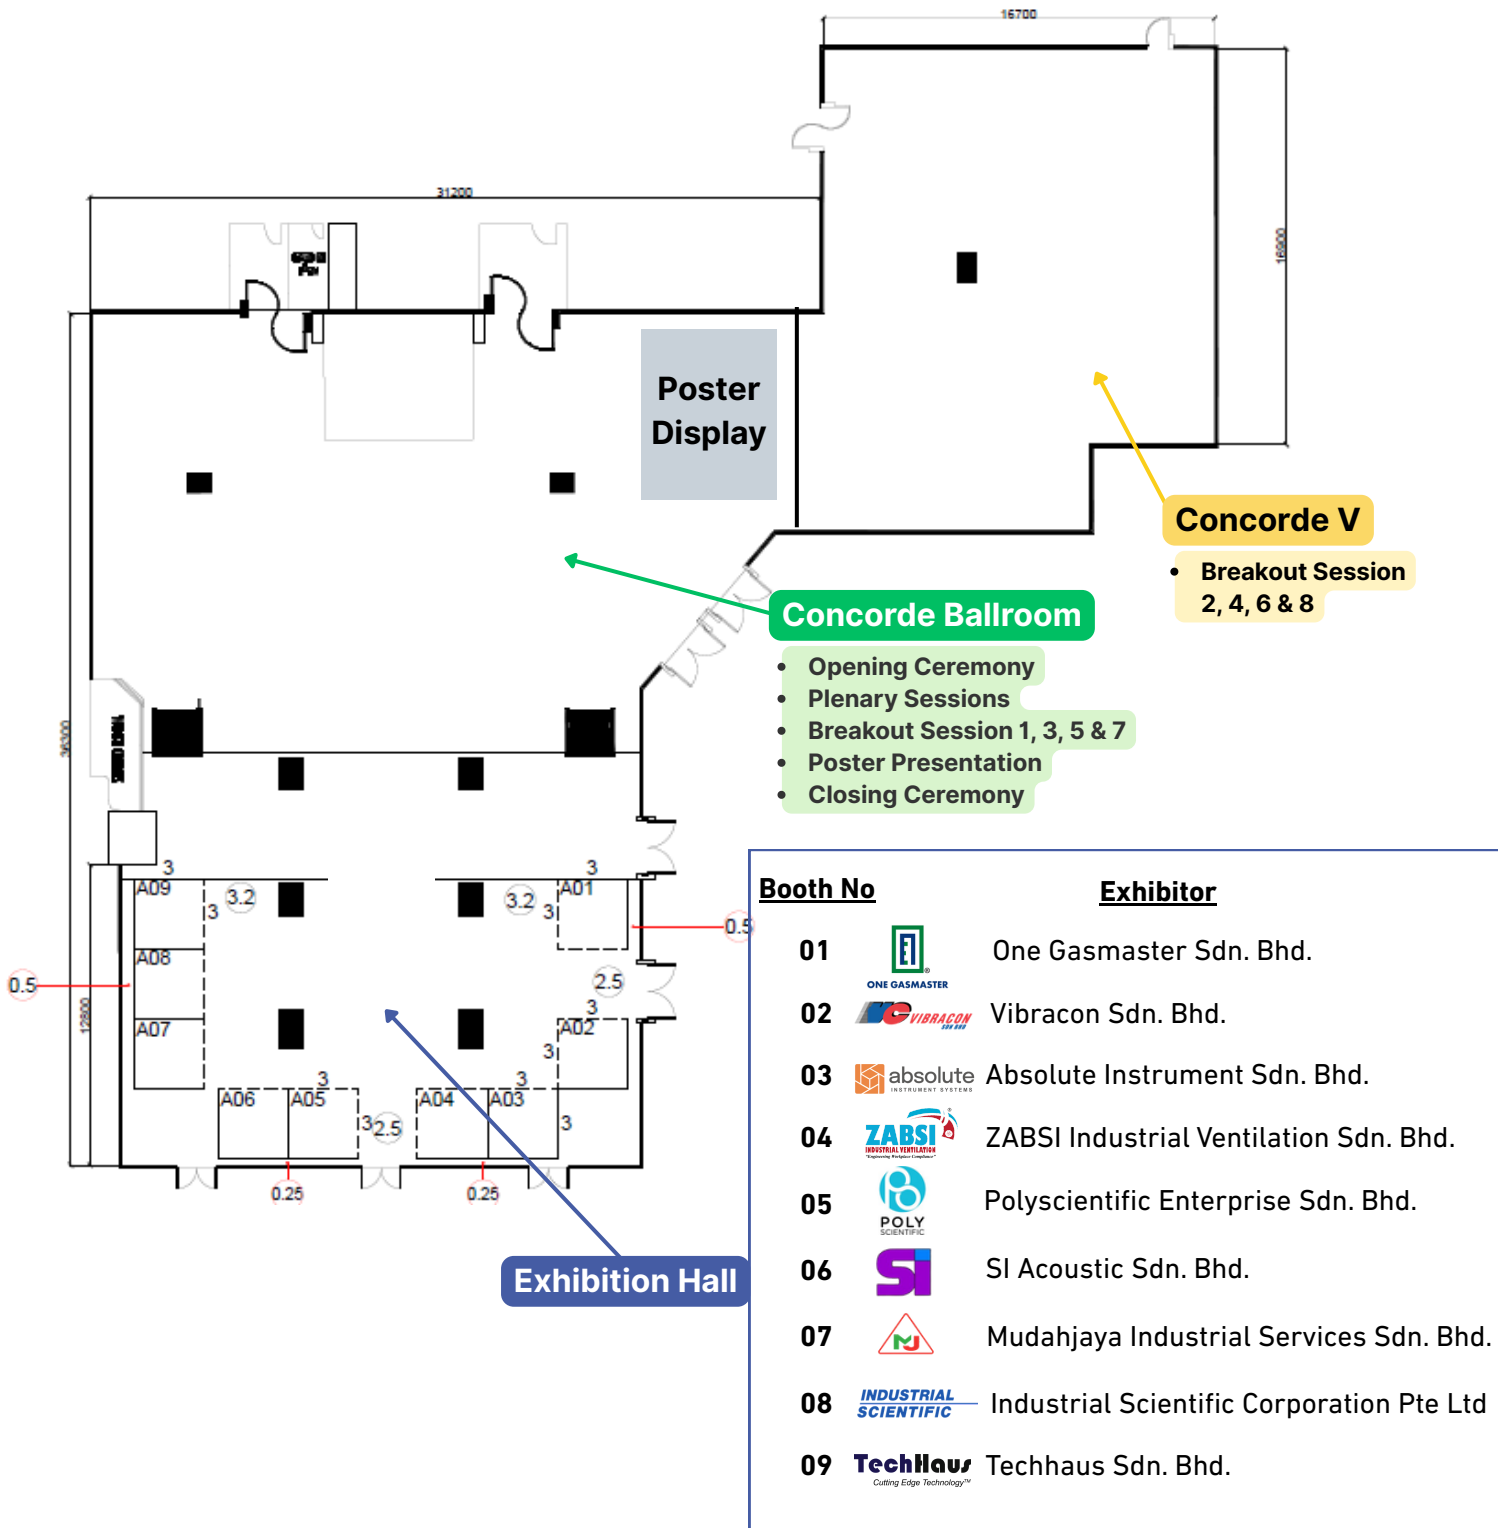

26- 27 October 2026 | Monday - Tuesday

No.	Title	Presenter
21	From Checklist to Dashboard: A Rule-Based Expert System for Workplace Ergonomic Risk Assessment	Sofiana Abdul Aziz - Universiti Sains Malaysia
22	Terengganu Spice: It Burns the Tongue; but What About the Lungs? – Case Study of Characterizing Occupational Exposure Risk with Spice Powder Manufacturing Facility	M. Kamarul Zafri M. Rafi - Universiti Malaya
23	A CHRA Investigation Across Petrol Stations in Melaka and Negeri Sembilan	Husnina Aida Amir Nubhan - Universiti Islam Antarabangsa / Quinz Industrial Hygiene & Service
24	Development of ConEDS®: A Task-Specific Ergonomic Intervention for Bricklaying Work	Siti Maisarah Amdan - Universiti Pertahanan Nasional Malaysia / Open Universiti Malaysia
25	Association between Indoor Air Quality and Sick Building Syndrome (SBS) Among Users of The Fitness Centres in Selangor, Malaysia	Aliya Naseha Mohd Afandi - Universiti Putra Malaysia
26	Assessment of Heat Stress Exposure Among Offshore Oil and Gas Vessel Workers Using the Wet Bulb Globe Temperature (WBGT) Index	Nur Amira Bt Mohamed Salleh - Universiti Teknologi MARA

Focal Person: Fauziah Faiz

Established in 1998, One Gasmaster is a Malaysian provider of safety, environmental monitoring, analytical instrumentation and calibration solutions for various industries. We specialise in gas detection systems, environmental monitoring systems, industrial hygiene monitoring, process analysers and emission monitoring solutions.

With a strong commitment to quality, reliability and technical excellence, we provide a comprehensive range of products, calibration services and technical support to help businesses meet safety requirements, protect workers, monitor environmental performance and improve operational efficiency.

Our ISO/IEC 17025 accredited calibration laboratory reflects our dedication to accuracy and quality in calibration services. Through our experienced team and partnerships with established international technology providers, we strive to deliver practical and reliable solutions tailored to our customers' needs.

As we continue to grow, One Gasmaster remains committed to supporting industrial safety, environmental compliance and sustainable business operations across Malaysia.

Focal Person: Bakini Bin Mhd Nor

SBMN Synergy Sdn. Bhd. (SSSB) is a Malaysian private limited company incorporated in September 1995 (Company No. 358981-W), headquartered in Kemaman, Terengganu. The company specializes in supplying 3M OHES products and delivering expert safety training and consultancy services.

Key Offerings & Capabilities

- **Safety & Environmental Products:** Premium Personal Protective Equipment (PPE) and safety solutions, including respirators, helmets, sorbents, footwear, hearing and eye protection.
- **Training & Consultancy:** Specialized guidance on PPE compliance and core safety programs:
 - o 3M Respiratory Protection Against Toxic Contaminants (EN Standards)
 - o Quantitative & Qualitative Respirator Fit Testing
 - o 3M Hearing & Eye Protection
 - o EN Glove Selection Process
 - o Selection & Application of Chemical Protective Clothing

SSSB provides integrated solutions that ensure regulatory compliance, protect workforce health, and foster safer work environments.

Focal Person: Zatul Itri Binti Abu Bakar

Established in 2010 as ZABSI LEV & IAQ Consultant Services, ZABSI has evolved into a trusted Malaysian engineering group delivering integrated solutions for safer, healthier, and more sustainable workplaces.

Incorporated in 2015, ZABSI Industrial Ventilation Sdn. Bhd. is a wholly Bumiputera-owned company specializing in Local Exhaust Ventilation (LEV), Heating, Ventilation & Air Conditioning (HVAC), and Air Pollution Control Systems (APCS).

Our expertise covers engineering design, EPCC, inspection, maintenance, Industrial Hygiene assessments, and technical consultancy.

Through ZABSI Group of Companies, we also provide professional training and competency development via ZABSI Training Academy, alongside industrial equipment rental solutions through EGL00ZZ Rentals & Services, including portable air conditioners, chillers, air handling units, and dehumidifiers.

Backed by experienced engineers and technical specialists, ZABSI is committed to delivering reliable, practical, and regulatory-compliant solutions that enhance workplace safety, operational efficiency, and environmental sustainability.
